PRINTING ON COTTON BAGS

Cotton bags are not perfectly straight, therefore true squares/rectangular designs may appear distorted on the product and designs using full coverage print areas are to be avoided. Due to textured print surface, screenprinted half tones and stipples are not recommended as we cannot guarantee uniformity across order. We will not accept responsibility for print claims with stipples and tones.

PRINT COLOURS ON COLOURED COTTON BAGS

White, Metallic Silver or Black are recommended print colours on all coloured bags. Some pantone colours close to those of the bag colour and black may disappear. For optimum customer results we recommend a double hit for artwork with white ink and putting white ink under coloured ink as the coloured substrate can show through on the product. If required this would be classified as an extra colour print. If in doubt request a pre-production sample as an extra cost.

COTTON VARIANCE

Fabric variations are considered acceptable but if critical, please ask for a sample form our current shipment.

LABEL NOTE:

Labels are applied by hand and although the greatest care is taken label positioning cannot be guaranteed across the entire order. They are digitally printed in CMYK. If pantone colour matching is important we require you to provide specific PMS colours, and we will produce closest CMYK colour match possible (to CP equivalent of coated pantone colours - perfect colour match not guaranteed). Vector art is required for colour matching. We are unable to edit colours in rasterized images. Print colours may be altered in appearance if placed on a strong colour background. Design position cannot be guaranteed across the entire order, some movement does occur during printing

Maximum label size: 50mmL x 50mmH
 Actual print size:
 Printed onto a white surface.
 Pink border shows max label size and is not printed.
